PRODUCT OVERVIEW

Take complete control of your power schedule with GM Lighting's reliable Digital Timer. Designed for precision and simplicity, this timer allows you to set exact start and stop times, ensuring your devices operate only when needed.

Ideal for pairing with GM Lighting's Magnetic Power Supply for landscape lighting systems, it's also versatile enough to work with any 120V electrical outlet. Perfect for automating lighting or other electronic devices, this digital timer delivers accurate programming, energy savings, and effortless convenience with its user-friendly features.

FEATURES

- Plugs directly into waterproof transformer
- Digital timer for precise on/off schedules
- 24-hour timing capability
- Override switch for testing/bypass
